How do you benefit from social engagement?

- A practical experience of learning German
- New positive experiences
- Experiencing responsibility and engagement (“I am important, my support counts!”)
- First work experiences and orientation on the job market
- Meeting new people and expanding your social network
- Improved self-confidence through own achievements and positive feedback
- A certificate of participation

Support

During your placement time you will receive support from the facilitators in the place of assignment as well as from the coordinator of the JES project from the organization “Paritätische Freiwilligendienste”.
